CIBB 2024

Benevento
September 4-6, 2024

19th conference on Computational Intelligence methods for Bioinformatics and Biostatistics
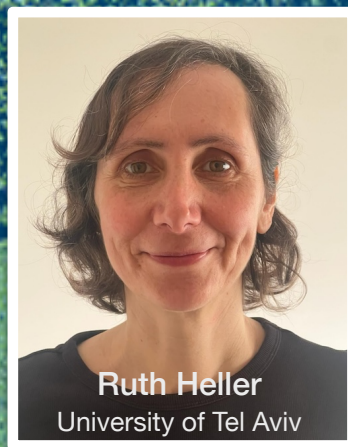

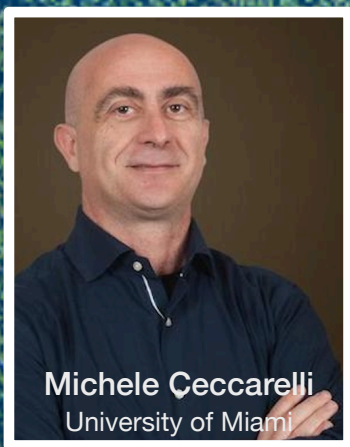

Join Us at CIBB 2024!

We are excited to invite you to the CIBB 2024 Conference in the charming town of Benevento, renowned for its rich historical heritage spanning over two millennia!

This year's conference promises a rich 3-days program featuring outstanding cutting-edge research papers in the fields of bioinformatics, biostatistics, medical informatics, and in the following 8 special session tracks:

- Computational Intelligence in Personalized Medicine
- Natural Language Processing (NLP) and Large Language Models (LLM) for Unstructured Data in Health Informatics
- Informatics Research in Bioinformatics: Contributions from the CINI-InfoLife Network
- Machine Learning for Structured Data in Clinical Informatics and Medical Biology
- Advancements in Biological Network Analysis
- Statistical Modelling and Machine Learning to Support Cancer Research
- Modeling and Simulation Methods for Computational Biology and Systems Medicin
- Computational Structural Bioinformatics

We are also thrilled for the presence of three distinguished keynote speakers who are leading experts in their fields.
